

JOB DESCRIPTION

TITLE: Personal Care Attendant

DIVISION: Home Care

REPORTS TO: Registered Nurse

POSITION PURPOSE: To provide direct care to clients in order to help each client reach and maintain his or her highest level of performance and independence.

PRINCIPAL RESPONSIBILITIES:

- Understand and adhere to information and precautions contained in individual clients' Home Plan of Care; assist in periodic client evaluations and assessments with other members of the health care team.
- Assist the client with exercise, ROM, ambulating, transfer activities (may be under the supervision of physical therapy or occupational therapy).
- Assist the client with personal care activities including bathing, skin care, back rub, hair care, nail care, dressing and undressing, feeding, oral hygiene, shaving, grooming, and bedtime care.
- Read and record temperature, pulse and respiration of clients.
- Administer care to clients including (but not limited to) TPR, weight, hot and cold applications, and application of support stockings and ace bandages.
- Give catheter care to clients, collect urine and stool specimens, do diabetic urine testing, give suppositories and enemas; record intake and output.
- Assist the client to the bathroom or in use of urinal or bedpan. Keep incontinent clients clean and dry.
- Assist the client with client's self-administration of medications.
- Assist the client with personal communication skills as needed.
- Prepare appropriate documentation of client status and the care or service furnished for the clinical record.
- Report any noticeable changes in clients' physical condition, attitude, reaction, appetite, etc., to supervisor on same day of observation.
- Report all client and employee incidents/accidents to supervisor immediately.
- Report any unsafe client behavior such as unauthorized smoking, combative behavior, etc., to supervisor on same day of observation.
- Ensure maintenance of a clean, safe, comfortable and healthy environment for the client.
- Observe safety precautions, including: wiping up wet floors, spills, and other falling hazards immediately; also, reporting safety hazards, frayed electrical cords, unsecure handrails, malfunctioning smoke and carbon monoxide detectors/alarms, defective equipment or environmental hazards to supervisor on the same day of observation.
- Use transfer belt whenever transferring and/or ambulating clients; use mechanical lifts (hoyer, century) whenever appropriate for transfers.
- Use proper body mechanics.
- Engage in respectful social interaction with client, including friendly conversation and empathic support as well as respecting clients' privacy and property.
- Exhibit positive attitude and behavior and demonstrate respect for employees and clients and maintain absolute confidentiality of all information pertaining to clients, clients' families and employees.
